Terms:

Motherboard & CPU Upgrade – Service Warranty (July 29 -Oct 29)

→ This invoice includes a 3-month warranty from the date of service for the Motherboard and CPU upgrade installation.

→ During this period, the client is entitled to free technical support and one-time service check for issues directly related to the installation, such as:

Boot failure or system instability due to installation faults

Improper thermal paste application or CPU seating

Incorrect BIOS settings/configurations (done during upgrade)

Loose connections or non-booting caused during the upgrade process

This warranty does not cover:

→ Damage due to power surges, overclocking, or improper handling after delivery

→ User or third-party tampering, physical damage, or hardware misuse

→ Issues caused by incompatible add-ons, RAM, GPUs, or other peripherals added after the upgrade

→ Problems related to software, drivers, or Windows updates unless part of the original service

→ Malfunctioning parts—hardware component warranty must be claimed through their respective manufacturer warranty policies

→ After the 3-month service warranty period, any further assistance will be subject to standard diagnostic and service charges.
