Terms:

OS Installation – Service Warranty

→ A 1-week warranty is provided for operating system (OS) installation from the date of service completion.

→ This warranty covers issues directly related to the installation, such as:

- * Improper OS installation or setup errors
 - * Missing system drivers (if part of the service package)
 - * Boot or startup issues caused by installation fault
 - * Activation (OEM) or license errors due to installation problems
-

NVMe + HDD Clone and Software Installation – Service Warranty

→ A 1-week warranty is provided for NVMe + HDD cloning and software installation from the date of service completion.

→ This warranty covers issues directly related to the cloning and software setup, such as:

- * Incomplete or failed cloning due to service fault
 - * Boot errors caused by cloning process mistakes
 - * Software installation errors due to improper setup during service
 - * Incorrect partition alignment or drive configuration errors caused during cloning
-

Warranty Does Not Cover:

- Data loss caused by user mishandling, accidental deletion, or third-party interference after service
 - Hardware-related failures of NVMe, HDD, or other components unrelated to the service
 - Software corruption due to viruses, malware, or user-installed third-party programs after service
 - Any modifications, formatting, or tampering done after delivery (warranty void)
- After the 1-week warranty period, any further assistance will be subject to our standard diagnostic and service charges.
