PC-FIX
FOR ALL YOUR PC NEEDS

Terms:

Terms and Conditions:

Notebook Service Warranty: A 3-week warranty is provided for notebook servicing from the date of completion. This covers issues directly related to the service performed, such as internal cleaning, fan servicing, or Heatsink reassembly errors.

Thermal Paste Repaste: Thermal paste reapplication is done using high-quality materials to ensure optimal thermal performance. However, due to the variable nature of system use, no separate warranty is offered for the thermal paste unless it directly relates to improper application during service.

The warranty does not cover:

Issues arising from physical damage, liquid spills, electrical surges, or third-party tampering after service.

Software-related problems or unrelated hardware malfunctions.

Any attempts to open or modify the device after service void the warranty.

Post-warranty issues will be subject to standard diagnostic and service charges.
